

The table below shows the current status of the macro-moths of Bedfordshire

Last update Version 26 (24th July 2021)

(annual update from version 25 of July 2020)

The codes for the "Check?" field are as follows:-

N = Check not needed unless unsure of id

Y= Retain specimen and check with recorder asap before release

P= Send photo to recorder to confirm id

G= Genitalia examination / dissection required for exact id of the species. This can be done by the recorders on request.

ANY species not previously recorded in the county has the status Y (Retain specimen and check with recorder asap before release)

Please also see the acceptable flight times for many species in the county are also noted below. If you record a specimen whose check code is N out of the acceptable flight time you will need to photograph it.
